Product ROSEMARY LEAVES	Origin ESPANA/SPAIN
--------------------------------	----------------------------

Description

Leaves and flowering tops from *Rosmarinus officinalis* harvested during the flowering period.

General Requirements and Legislative Compliance

The product complies with the maximum pesticide residue limits according to Regulation (EU) 396/2005 for those indicated in the list in ANNEX I.

Neither the product nor any of its parts thereof have been irradiated or treated with ionizing radiation for preservation, bacterial count reduction or any other purpose.

Sensory specifications

Color: green

Smell: aromatic

Appearance: leaves 5-25 mm (*)

(*)Approximate size since rosemary cannot be well homogenized.
